

# Oil, Gas and Petrochemical Industry

As a leading global player ABB offers integrated electrification and automation solutions across the complete value chain of the oil, gas and petrochemicals industry.

ABB's range of high-voltage products for the above industries includes the complete range of switchgear solutions and substation components suitable for extreme and harsh environments. ABB's capacitors and filters solutions contribute to reliable plant operation at minimal cost and facilitate compliance with the strictest of power quality regulations.

Products and solutions for special applications in the oil, gas and petrochemicals industry include

- Modular, pre-fabricated gas-insulated switchgear for quick delivery and installation time
- Hybrid switchgear PASS in skid mounted and mobile substation solutions
- Air-insulated switchgear with the option of composite insulators on all equipment with self-cleaning ability and higher reliability due to increased insulation performance
- In case power requirements at the site are not very large ABB's full line of station service transformers in oil insulation (SSVT) or SF6 gas insulation (TIP) can provide cost-effective power for remote electrification.

### Why ABB?

- ABB is a pioneer and technology leader in the area of high-voltage products and solutions
- Over 5 decades of experience in manufacturing, installing and servicing high-voltage products
- Comprehensive portfolio of high-voltage products and solutions
- Product certifications according to a wide range of international standards including IEC, IEEE, ANSI, GOST
- Comprehensive portfolio of service offerings that include engineering and consulting, extensions and retrofit and end-of-life services
- ABB is your long term trusted partner with sales and service competence in approximately 100 countries

## Our offering

Generator circuit-breakers (GCB)	Gas-insulated switchgear (GIS)	Air-insulated switchgear (AIS)	Hybrid switchgear	Station service voltage transformer TIP	MV station service voltage transformer SSVT
Capacitors and filters	Service
